Goals

What I have learned is that life “happens,” and the events that occur can often supersede or alter your plan. That said, though it is okay and in fact prudent to create career goals and plans, do not be so wedded to them as to refuse to see, seize, or capitalize on any other opportunities that may unfold. That is the meaning behind the well-known phrase “If life gives you lemons, make lemonade!”

You will be achieving **Lifetime, 5 Year, 1 Year, and 1 Month goals for:**
Career, Financial, Education, Family, Artistic, Attitude, Physical, Pleasure, and Service.
